2019-2020 DANCE STYLES

Jazz- A performance-based style with a focus on musicality, isolations, and grounded movement, using principles of ballet to establish a strong technical dance foundation.

Ballet- A highly technical dance form demanding grace and precision. Classical ballet employs formalized steps, positions, and gestures set in intricate, flowing patterns to create expression through movement.

Tap- A style of dance characterized by using the sounds of tap shoes striking the floor as a form of percussion. Tap aids dancers with developing their sense of rhythm, which then carries over to help them with other styles of dance.

Hip-Hop- Hip-hop dance is rooted in cultural concepts and traditions combined with African dance heritage. The main characteristics for hip hop include use of multiple rhythms, musical and spacial awareness, gesturing, attitude, isolations, and individuality.

Modern- A form of dance that focuses on each dancer's own interpretations of structured steps. Modern dance is related to ballet, but favors movements derived from the expression of the dancer's inner feelings.

Contemporary- An expressive style of dance with significant emphasis on musicality, that incorporates certain elements of ballet, modern, and jazz.

Ballet-Lates- A class fusing ballet dance technique and pilates. See teacher bio for more details.

Jazz Fusion- A fusion of varying dance styles centered around jazz technique which includes elements of hip-hop, pop, latin, and commercial jazz.
